Hi all,

This is just a reminder about the "Nautical Yard Sale." taking place May 2nd at the marina. Please limit your sale items to all things nautical in nature. Starting time 10:00 AM till 3:00 PM or people stop coming.

This is your chance to clean out your boat or basement of unwanted nautical related items that other folks may be looking to buy. One man's trash is another man's treasure. In this tough economy, this may be a way to make a few dollars or to pick up items at a bargain price.

It's ten dollars for a table to participate to display your treasures marine related/nautical items, which could be anything from engine parts, to fold up bikes, dinghy's etc. The ten-dollar charge is to help with advertising costs as we intend to advertise the event in the Nor'easter and local paper.

We will also have food for sale (hot dogs, chips, soda) and will have a door prize to give away so mark the date on your calendar

See you all on May 2.
